San Marcos Attracts Runners

Santa Anita presents a star-studded double attraction Saturday to climax its fourth full week of Thoroughbred racing. An outpouring of fans is expected to see the action on the spectacular hillside-infield turf course and the main mile track.

The \$25,000 San Marcos Handicap at 1 1/4 miles has attracted top grass runners from all parts of the world. Such established stars as Nichol Boy, Eddie Schmidt, Greek Star, Promised Land, Whodunit and How Now among the 20 nominations are expected to start. International lustre will be in evidence with Onward There from Japan making his first appearance. The San Marcos leads up to the \$50,000-added Washington's Birthday Cap on Feb. 22, and the \$100,000-added San Juan Capistrano Cap on March 10, other classics

on the grass. The \$25,000 San Pasqual Handicap at 1-1-16 miles has the nationally-ranked Hillsdale nominated to make his first appearance of the season. All depends on how his ailing ankle heals. Seaneen is also eligible as are Clamdestine, the top sprinter that has already won two stakes in the "Silver Jubilee" meeting, Finnegan, Fleet Nasrullah and other good ones that are progressing to the \$50,000-added Santa Anita Handicap on Feb. 13, and the \$145,000-guaranteed Santa Anita Handicap on Feb. 27. Scheduled during the week was the \$15,000 Santa Ynez Stakes on Tuesday and the \$25,000 Santa Maria Handicap on Thursday with feature races named for Downey, Rancho San Luis Rey, Wise Daughter, El Monte, Hollywood Bowl, Huntington Art Gallery, Conejo Ranch, Bluebeard, Fontana, Southern California Exposition and Fullerton. On Saturday (Jan. 30) of next week comes the first of Santa Anita's four hundred granders — the estimated \$170,000 Santa Anita Maturity.

Taxes Over

The first — and worst — half of the 1959-60 fiscal year is over, with General Fund revenues running \$157,881,556 behind expenditures.

State Controller Alan Cranston reported that General Fund revenues for the first six months of the fiscal year amounted to \$568,286,996, while expenditures totaled \$721,167,462.

The second half of the fiscal year will tell another story, Cranston said.

Revenue Surge Coming

"The ebb and flow of revenues and expenditures is running just about as anticipated," he said. "The surge of revenues in coming months will pull the General Fund out of the hole and enable it to end the fiscal year with a surplus."

Cranston attributed the General Fund's pallid complexion at the end of December to the fact that only 40 percent of the State's total revenues is realized in the first half of the fiscal year.

General Fund revenues in December were \$59,169,219, as against expenditures of \$121,051,548.

Debt Repayment

The General Fund owned \$113 million to other funds at the end of December and is authorized to borrow another \$25 million this month. Cranston said the entire indebtedness of \$138 million would be repaid by the end of May.

The sales tax accounted for better than three dollars out of every five in revenues through the first six months of the fiscal year. Collections from that source totaled \$354,149,952, an increase of 17.24 percent over the corresponding figure for 1958-59.

The cigarette tax produced \$32,918,582 of the July-through-December revenues.

FLU SCORES SCHOOLS

Absences in Torrance schools ran about three times higher than usual last week, according to school officials.

About 20 percent of the students and eight percent of the teachers were absent on Friday, highest day of current flu epidemic. Absences are down slightly this week. Normally, 7 to 8 percent represents a high winter absence rate.

CONTACT LENSES IDEAL FOR WATER SKIING, SKIN DIVING

Need for vision correction is no longer a "spoilsport" for water skiers and skin divers. Wearing "spectacles" is impractical and hazardous, but the new plastic contact lenses provide clear vision with complete freedom from bothersome flying spray in skiing and boating, or fogging-up behind diving masks. Contact lenses may be worn safely too, for swimming and diving without masks. More than a million Americans are wearing contact lenses in sports, at work,

and for social occasions. The thinness and lightness of modern small diameter plastic lenses offer advantages never before attainable. Application is easy, and the new lenses can be worn around the clock without discomfort or irritation. Get ALL the facts! Come in, or write for fascinating new booklet, Easy terms. DR. J. M. SOSS, Optometrist (32 years in Harbor Area) 1268 Sartori Ave. FA 8-6602. Open Friday evenings and all day Saturdays. Offices also in Wilmington.
